

123FormBuilder for Salesforce

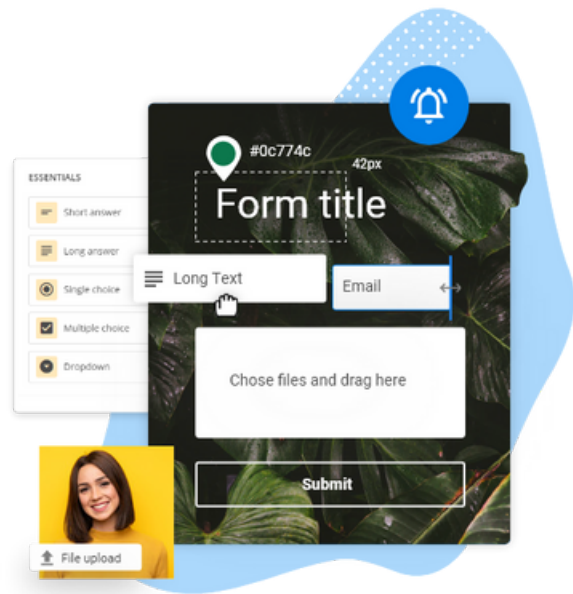

Digitize all your data-related workflows with our no-code enterprise form builder. Integrated with Salesforce and all the tools you love. HIPAA compliant & GDPR ready. Stellar support.

WHAT IS 123FORMBUILDER, AND WHAT DO WE DO

123FormBuilder is a secure online form builder your team will love to use when collecting data, leads, and form responses. Create beautiful forms and edit them in minutes with a user-friendly interface built by humans, for humans. Easily capture data and automatically feed it into Salesforce without leaving the app.

A data collection tool, an order form generator, a survey maker, and an event registration software — all rolled into a drag & drop digital tool.

We have consistently ranked as industry leaders. Loved by partners and users alike, the reviews speak for themselves:
